PROFILE

My interests have always been focussed on the outdoors, nature, animals and the arts. Photography and horses have been consistent for me since age eight and continue. I was born here and have lived my life here thus far.

I have a great love of story telling and would love to be part of the industry that creates stories.

EXPERIENCE

-Opened the Oceanside film liaison office 2004-2007

-Scouted locations for film liaison office data-base, all of Vancouver Island

-Scouted locations on the island for Location Manager Roshene Lansdell, Vancouver- (mostly commercials but a couple full features)

(with on-going training and skills to remain current)

SKILLS

My skill set is strong as I have a powerful work ethic and standard along with customer service skills. My ability to assess and react accordingly with urgent and/or emergency situations has been very beneficial.

My sense of action, seeing what needs to be done and doing it, methods of preparation, maintenance and prevention, responsible, accountable, aware, and working with a team; are all important and best for all operations.

Physically fit and strong, (gym, mountain bike, horses) as well as loyal and dedicated once I trust and form an allegiance.

Dynamic but quiet personality.

Very good knowledge of Vancouver Island, (Qualicum, its people and its places) locations...

I know all the secret places!
